MADISON COUNTY GOVERNMENT AND ANNEX FACILITIES – OPEN FOR
APPOINTMENT ONLY

In response to the national COVID-19 health emergency and accordance with the guidelines from the Centers for Disease Control, and Governor Holcomb, the Madison County Government Center (16 E 9th St, Anderson) and Madison County Annex (206 E. 9th Street, Anderson) will be open only to those having a scheduled appointment. Those having business with any Madison County Department must call ahead and receive an appointment before they will be allowed into the buildings. Walk-ins will not be permitted. You will be required to show proof of your appointment to security personnel before being allowed into the building.

These measures are being implemented immediately and will be in place until further notice.

Please visit the Madison County Government website at www.madisoncounty.in.gov. Many of the interactions you can have with Madison County officials and departments can occur through the website or over the phone.

All members of the public are encouraged to access government services through remote means until further notice.

Earlier today, Madison County announced the first patient who has a presumptive positive test result for COVID-19. We will continue to evaluate the situation as this virus continues to spread across the United States and take additional protective measures as necessary.

For coronavirus updates in Madison County, please check the Madison County Health Department Facebook page. For general coronavirus information, the ISDH hotline is open 24 hours a day. That number is 877-826-0011.
